

Steel Scaffolding Coupler With Galvanized For Installations

Our Product Introduction

for more products please visit us on bythaiscaffold.com

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding coupler
- Model Number: BM201
- Minimum Order Quantity: 1000
- Price: 4.5
- Delivery Time: 15-25

Product Specification

- MOQ: 1000
- Feature: High Strength
- Type: Right Angle
- Standard: EN74-1
- Material: Steel
- Name: Scaffolding Coupler
- Package: Container
- Surface Treatment: Galvanized
- Highlight: **Galvanized Steel Scaffolding Coupler,
EN74-1 Steel Scaffolding Coupler,
Galvanized Steel Scaffolding Connector**

Product Description

Product Description:

Scaffolding Coupler is a fixed fastener made of high quality Japanese steel for construction applications. It is designed to secure two steel pipes together, making it a perfect steel pipe coupler. The silver coupler is made of steel and meets EN74-1 standards, making it durable and reliable. The minimum order quantity is 1000, making it ideal for large construction projects. It is suitable for connecting scaffolding pipes and other steel pipes, making it an essential component in construction.

Features:

Product Name: Scaffolding Coupler

Name: Scaffolding Coupler

Type: Right Angle

MOQ: 1000

Standard: EN74-1

Color: Silver

Material: Hot Dipped Galvanized Steel

Manufacturer: Japanese Scaffold Clamps

Design: Rotating clamp scaffold couplers

Technical Parameters:

Parameter	Detail
Name	Scaffolding Coupler
Rotating Clamp	Yes
Application	Construction
MOQ	1000
Package	Container
Material	Steel
Standard	EN74-1
Type	Right Angle
Color	Silver
Feature	High Strength
Surface Treatment	Galvanized
Japanese Steel Pipe Connectors	Yes
Right Angle Coupler	Yes

Applications:

Scaffolding Coupler – BM201

Scaffolding Coupler BM201 is a must-have product for any scaffolding job. It is made from high-quality steel and has a Galvanized surface treatment for enhanced durability. It is available in silver color, has a minimum order quantity of 1000, and the price is 4.5.

The BM201 is designed to securely connect steel pipes and tubes, making it the perfect choice for scaffolding jobs. It is easy to install and is compatible with a variety of pipe sizes. With a delivery time of 15-25 days, you can be sure of quick and efficient installation.

The BM201 is an ideal choice for any scaffolding job due to its superior strength and durability. It is made from high-quality steel and has a Galvanized surface treatment for enhanced durability. It has a minimum order quantity of 1000, and the price is 4.5.

Choose the BM201 for your next scaffolding job, and ensure secure connections with steel pipes and tubes. With its high-quality materials and Galvanized surface treatment, you can rest assured that your scaffolding job will be done to perfection.

Customization:

Scaffolding Coupler

Brand Name: scaffolding coupler

Model Number: BM201

Place of Origin: china tianjin

Minimum Order Quantity: 1000

Price: 4.5
