

Hot-dip Galvanized Ringlock System Scaffolding for Architecture ring lock scaffolding system

Our Product Introduction

for more products please visit us on bythaiscaffold.com

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Certification: SGS
- Model Number: BM202
- Minimum Order Quantity: 1000
- Price: 4.5-8.5
- Packaging Details: container
- Delivery Time: 10-15
- Payment Terms: TT/TC

Product Specification

- Surface Treatment: Hot-dip Galvanized
- Shipping Origin: China
- Material: Q235 Steel
- Product Name: Ringlock System
- Warranty: 2 Years
- Application Scenarios: Architecture
- Highlight: Galvanized ring lock scaffolding system,
Architecture ring lock scaffolding system,
Q235 Galvanized Ringlock System Scaffolding

Product Description

Product Description:

Ringlock System Scaffolding - A Durable and Versatile Scaffolding Solution

The Ringlock System Scaffolding, also known as layher scaffolding, is a versatile and durable scaffolding system that is widely used in the construction industry. It is made from high-quality Q235 steel material and is manufactured in China, making it a cost-effective and reliable option for all your scaffolding needs.

Material: Q235 Steel

The Ringlock System Scaffolding is made from Q235 steel, which is known for its high strength and durability. This makes it suitable for use in a variety of construction projects, including residential, commercial, and industrial projects. Q235 steel is also resistant to corrosion, ensuring a longer lifespan for the scaffolding system.

Shipping Origin: China

Our Ringlock System Scaffolding is manufactured in China and can be shipped to any location worldwide. As a leading Ringlock Scaffold Supplier, we have a strong network and logistics system in place to ensure timely delivery of our products to our clients.

Surface Treatment: Hot-dip Galvanized

The Ringlock System Scaffolding is hot-dip galvanized, which provides a protective coating to the steel material. This surface treatment makes the scaffolding system resistant to rust and corrosion, making it suitable for use in harsh weather conditions.

Warranty: 2 Years

At Ringlock Scaffold Supplier, we stand behind the quality of our products and offer a 2-year warranty for our Ringlock System Scaffolding. This warranty covers any manufacturing defects and ensures that our clients receive a reliable and high-quality scaffolding system.

Product Name: Ringlock System

The Ringlock System is a popular choice for construction projects due to its versatility, durability, and ease of use. It features a unique design with steel rosettes and wedge connectors, allowing for quick and easy assembly and disassembly of the scaffolding system. This makes it a preferred choice for both small and large scale construction projects.

In conclusion, the Ringlock System Scaffolding is a highly efficient and cost-effective solution for all your scaffolding needs. Its high-quality material, surface treatment, and warranty make it a reliable choice for construction projects of any size. Choose Ringlock Scaffold Supplier as your trusted partner for all your scaffolding requirements.

Technical Parameters:

Product Name	Ringlock System
Surface Treatment	Hot-dip Galvanized
Warranty	2 Years
Shipping Origin	China
Material	Q235 Steel
Application Scenarios	Architecture
Key Features	Description
Product Type	Quality Scaffold Connector
Scaffold Type	Ringlock scaffolding
Connector Type	Ring lock type scaffold
