### Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding screw jack
- Model Number: BM212
- Minimum Order Quantity: 1500
- Price: 4.5-8.5
- Packaging Details: container
- Delivery Time: 10-25
- Payment Terms: L/C, T/T

### Product Specification

- Surface Treatment: Painted/ Electro-Galvanized/ HDG
- Usage: Building Construction
- Color: Silver
- Product Name: Base Jack Scaffolding
- Warranty: 2 Year
- Packing: Container
- MOQ: 1000
- Material: Steel
- Highlight: **Building Construction Base Jack Scaffolding, Painted Base Jack Scaffolding, Electro Galvanized Base Jack Scaffolding**

**Product Description:**

Base Jack Scaffolding - The Ultimate Solution for Building Construction

Base Jack Scaffolding is a must-have product for any building construction project. With its strong and sturdy design, it provides exceptional support and stability for workers and materials at various heights. Whether you are working on a small or large scale project, Base Jack Scaffolding is the perfect choice for your scaffolding needs.

Usage: Building Construction

Base Jack Scaffolding is specifically designed for building construction purposes. It is the ideal tool for creating a safe and efficient working environment for construction workers. It can be used for various tasks such as painting, plastering, and bricklaying, making it a versatile product for any construction project.

MOQ: 1000

To ensure that our customers have access to high-quality products, we have set a minimum order quantity of 1000 for Base Jack Scaffolding. This helps us maintain the highest standards of production and provide our customers with the best scaffolding support for their projects.

Packing: Container

Base Jack Scaffolding is packed in sturdy containers to ensure safe and secure transportation. Our containers are designed to protect the scaffolding during transit and keep it in excellent condition. This makes it easier for our customers to store and transport the scaffolding to different job sites.

Product Name: Base Jack Scaffolding

The name says it all - Base Jack Scaffolding. It is the base support for any scaffolding structure, providing a stable foundation for workers and materials to perform their tasks. With its strong and durable design, it is the perfect product for scaffolding support.

Color: Silver

Base Jack Scaffolding is available in a sleek and professional silver color. This not only enhances the appearance of the scaffolding but also makes it easily visible on job sites, ensuring safety for workers and passersby.

Key Features:

**Good Load Bearing:** With its sturdy design and high-quality materials, Base Jack Scaffolding has an excellent load-bearing capacity. It can support heavy loads and ensure the safety of workers and materials at all times.

**Adjustable Height:** Base Jack Scaffolding comes with an adjustable height feature, making it suitable for various construction tasks. It can be easily adjusted to the required height, providing a comfortable working space for workers.

**Stable Structure:** The base jack design of the scaffolding provides a stable and solid structure, ensuring the safety of workers and materials. It can withstand strong winds and other external factors, making it a reliable choice for any construction project.

**Easy Installation:** Base Jack Scaffolding is designed for easy installation, saving time and effort for construction workers. It comes with detailed instructions, making it convenient for anyone to set up the scaffolding quickly and efficiently.

**High Quality and Durable:** We use only high-quality materials for the production of Base Jack Scaffolding, ensuring its durability and longevity. It is built to withstand tough working conditions, making it a cost-effective choice for long-term use.

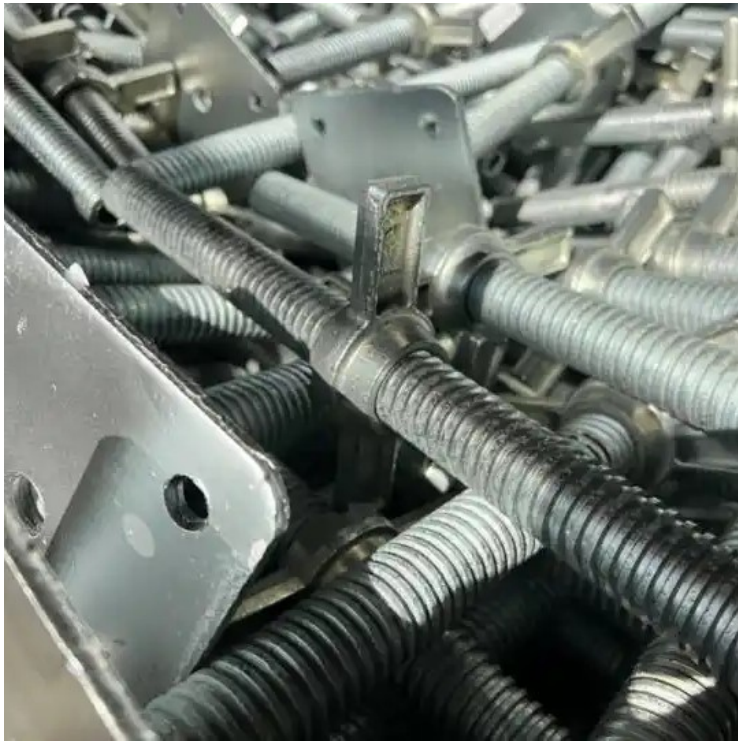

**Versatile:** Base Jack Scaffolding can be used for various construction tasks, making it a versatile product for any project. It is suitable for both indoor and outdoor use, providing a safe and reliable support system for workers and materials.

In conclusion, Base Jack Scaffolding is a high-quality, durable, and cost-effective solution for all your scaffolding support needs. Its versatile design, easy installation, and stable structure make it the perfect choice for any building construction project. Get your Base Jack Scaffolding today and experience the ultimate support for your construction projects.

**Technical Parameters:**

Product Name	Base Jack Scaffolding
Usage	Building Construction
MOQ	1000
Color	Silver
Material	Steel
Surface Treatment	Painted/ Electro-Galvanized/ HDG
Packing	Container
Warranty	2 Year
Key Features	
Base Plate	Provides stable foundation for scaffolding
Scaffolding Accessories	Can be used with various scaffolding components
Good Load Bearing Capacity	Can support heavy loads without buckling or collapsing
Easy to Assemble	Can be quickly and easily assembled without special tools
High Durability	Made of strong and durable steel material for long-lasting use
