

Building Ringlock System Scaffolding With Q235 Steel And Hot Dip Galvanized

Our Product Introduction

for more products please visit us on bythaiscaffold.com

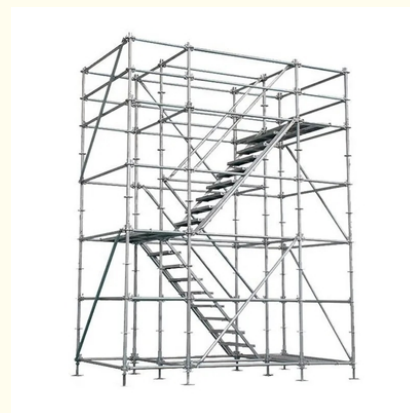

Basic Information

- Place of Origin: Tianjin China
- Brand Name: Bythai
- Certification: SGS ISO
- Model Number: BT203
- Minimum Order Quantity: 1000
- Price: 10.8-85.5
- Packaging Details: In bundles
- Delivery Time: 10-15
- Payment Terms: TT/TC

Product Specification

- Product Name: Ringlock System
- Material: Q235 Steel
- Warranty: 2 Years
- Application: Building
- Shipping Origin: China
- Application Scenarios: Architecture
- Design Style: Industrial
- Highlight: **Q235 Ringlock System Scaffolding, Hot dip Galvanized Ringlock System Scaffolding, Building Ringlock System Scaffolding**

Product Description

Features:

Product Name: Ringlock System Scaffolding

Application scenarios: Architecture

Place of Origin: Tianjin China

Warranty: 2 Years

Material: Q235 Steel

Application: Building

Features:

Ringlock ledger head

Versatile Ringlock Scaffold

Ringlock Scaffold Connector

Technical Parameters:

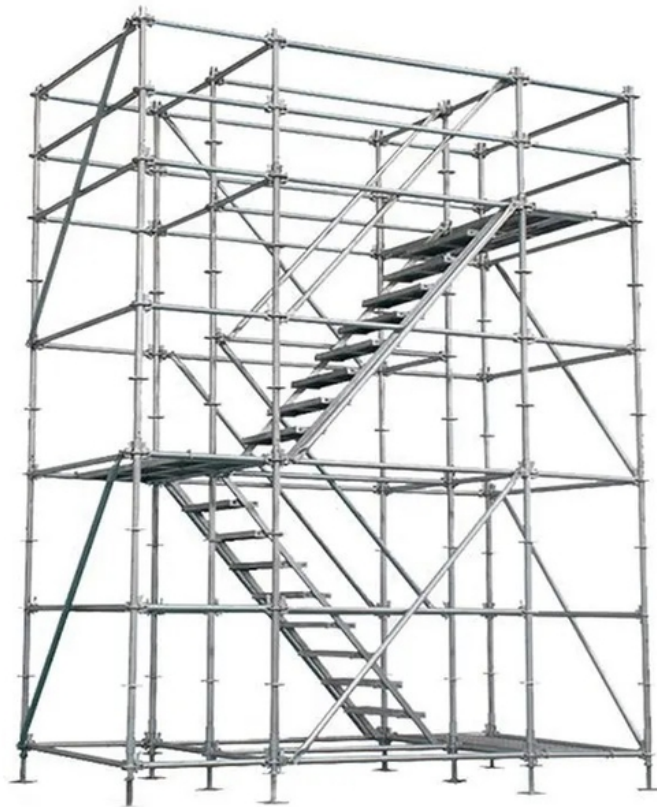

Product Attribute	Value
Product Name	Ringlock System
Design Style	Industrial
Material	Q235 Steel
Surface Treatment	Hot-dip Galvanized
Application Scenarios	Architecture
Shipping Origin	China
Application	Building
Warranty	2 Years
Place of Origin	Tianjin China
Product Features	Innovative Ring Lock Design, hot dip galvanized ringlock, Ringlock Scaffold Connector

Applications:

The Ringlock System Scaffolding product is designed with Advanced Ringlock Technology, which allows for quick assembly and dismantling, reducing the overall construction time. This design style is suitable for industrial construction projects, making it an ideal solution for building construction applications.

The Ringlock System Scaffolding product can be used in various architecture application scenarios, such as building construction. The product is versatile and can be used for a wide range of applications. The ringlock ledger head is a unique feature of the Ringlock System Scaffolding product, which helps in connecting ledgers and diagonal braces securely.

Bythai is a well-known Ringlock Scaffold Supplier, and its Ringlock System Scaffolding product is widely used in the construction industry. The product is durable and can withstand harsh weather conditions, making it ideal for outdoor construction projects.
