

Construction 6061 Andamio Aluminum 240mm Scaffolding Board Metal Steel Plank

Our Product Introduction

for more products please visit us on bythaiscaffold.com

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Certification: SGS,ISO
- Model Number: BT205
- Minimum Order Quantity: 1000
- Price: 15.5-85.5
- Packaging Details: In bundles
- Delivery Time: 10-15
- Payment Terms: container, shipping

Product Specification

- Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic
- Material: Steel
- Usage: Scaffolding
- Length: Customized
- Packaging: Container
- Place Of Shipment: China
- Highlight: **Construction aluminum pedal Metal Steel plank, Galvanized Metal Steel plank, Walking Scaffolding Metal Steel plank**

Product Description

Product Description:

Our Construction 6061 Andamio Aluminum Scaffolding Board is engineered for superior performance in demanding construction environments. Made from high-strength 6061 aluminum, this scaffolding board offers exceptional durability and resistance to corrosion, ensuring a long service life even in harsh conditions. Measuring 240mm in width, it provides a stable and secure platform for workers, enhancing safety and productivity on the job site.

The lightweight nature of the 6061 aluminum allows for easy handling and installation, reducing labor costs and time. This scaffolding board is designed to withstand heavy loads, making it suitable for a wide range of construction applications, from residential projects to large-scale commercial developments.

Incorporating precise manufacturing standards, our aluminum scaffolding board meets industry regulations, ensuring reliable performance and compliance with safety requirements. Its robust construction and high-quality materials make it a trusted choice for contractors and builders looking for efficient and dependable scaffolding solutions.

Optimize your construction projects with our 6061 Andamio Aluminum Scaffolding Board. Its combination of strength, durability, and ease of use makes it an ideal component for creating secure and effective scaffolding systems. Choose our aluminum scaffolding board for a high-performance solution that meets your construction needs.

Features:

Product Name: Scaffolding Aluminum Plank

Usage: Supporting Board for Scaffolding

Weight: Customized

Packaging: Container

Width: Customized

Technical Parameters:

Materials	Width(mm)	Length(mm)	N.W.(KGS)
6061-T6	482.6	730	5.96
6061-T6	482.6	1040	7.61
6061-T6	482.6	1090	7.88
6061-T6	482.6	1570	10.44
6061-T6	482.6	2070	13.1
6061-T6	482.6	2570	15.77
6061-T6	482.6	3070	18.43
6061-T6	482.6	Customized	

Materials	Width(mm)	Length(mm)	N.W.(KGS)
6062-T6	240	600	2.89
6062-T6	240	900	3.75
6062-T6	240	1200	4.6
6062-T6	240	1500	5.46
6062-T6	240	1800	6.31
6062-T6	240	2000	6.88
6062-T6	240	2400	8.02
6062-T6	240	Customized

Applications:

Bythai BT02 metal plank is a perfect choice for scaffolding applications. It is made with a solid structure, which ensures its high strength and durability. It is available in a variety of widths to meet different requirements. The weight of this metal plank can be customized for different projects. Its steel color provides an attractive look to the construction sites. This scaffold supporting plank is ideal for scaffolding, and it is widely used in the construction industry as a supporting board for scaffolding.

Customization:

Are you looking for a high-quality **Scaffold Supporting Plank**? Look no further than Bythai's **BT02** model. This product is manufactured in **China** with a **pre-galvanized/hot dip galvanized** surface. Made of **steel**, it can be customized in length and thickness according to your needs. It is perfect for **scaffolding**.

Support and Services:

Technical support and service for Scaffolding Plank are available to provide customers with the necessary guidance and assistance. Our experienced team of professionals is available round the clock for any queries and issues related to the product. We offer a range of solutions, from troubleshooting and repair to installation and maintenance, to ensure that our customers get the most out of their purchases. Additionally, our customer service team is always available to answer any questions or concerns.

FAQ:

Q: What types of scaffolding systems do you offer?

A: We offer a variety of scaffolding systems, including ring lock, frame, prop, tube & coupler systems, steel and aluminum planks, and various scaffolding accessories.

Q: How does your quality control process ensure the safety and reliability of your scaffolding products?

A: Our strict quality control process includes thorough inspections, material testing, and adherence to international safety standards to ensure our scaffolding products are safe and reliable.

Q: Can you provide customized scaffolding solutions to meet specific project requirements?

A: Yes, we offer customized scaffolding solutions tailored to meet the unique needs of your project, ensuring optimal performance and safety.

Q: What is the typical lead time for orders, and how do you handle urgent requests?

A: Our standard lead time varies depending on the order size and complexity, but we prioritize urgent requests to ensure timely delivery without compromising quality.

Q: Do you offer support and guidance for scaffolding assembly and installation?

A: Yes, we provide comprehensive support, including detailed assembly instructions and technical assistance to ensure proper installation and safe use of our scaffolding systems.

Q: What are the key advantages of using your aluminum ringlock system?

A: Our aluminum ringlock system offers several advantages, including lightweight design, easy assembly, high load capacity, durability, and corrosion resistance, making it ideal for various construction projects.

Q: How do your prices compare to other scaffolding suppliers?

A: We offer competitive factory prices while maintaining high-quality standards, providing cost-effective solutions that deliver excellent value for your investment.

Q: What certifications and standards do your scaffolding products meet?

A: Our scaffolding products meet international certifications and standards, including OSHA, EN, and ISO, ensuring they comply with the highest safety and quality requirements.

Q: Can you provide references or case studies from past projects?

A: Yes, we can provide references and case studies showcasing our successful projects and satisfied customers to demonstrate our expertise and reliability.

Q: What is the process for placing an order and what payment options do you accept?

A: Placing an order is simple: contact our sales team with your requirements, receive a detailed quote, and finalize the order. We accept various payment options, including TT, letters of credit, and other secure methods.
