

Wholesale Q195 SNAP LOCK Strength Walkthrough Frame To Mexico

Our Product Introduction

for more products please visit us on bythaiscaffold.com

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Model Number: BT04

Product Specification

- Features: Easy To Assemble And Disassemble
- Stability: High
- Surface Treatment: Powder Coating
- Safety: High
- Durability: High
- Weight: Lightweight
- Load Capacity: High
- Material: Steel
- Size: Customized
- Usage: Indoor/Outdoor
- Flexibility: High
- Customization: Available
- Application: Construction

Product Description

Product Description:

Discover the Q195 SNAP LOCK Walkthrough Frame, tailored for the Mexican market. Crafted from high-quality Q195 steel, it ensures exceptional strength and durability. The innovative SNAP LOCK design enables swift, secure assembly, enhancing construction efficiency. Ideal for robust and reliable scaffolding solutions. Suitable for various applications, it provides the strength needed for reliable performance. Bulk purchasing options are available, making it a cost-effective solution for large-scale projects. Trust in our high-quality materials and precise manufacturing standards to deliver a frame that stands the test of time.

Features:

Product Name: Frame System Scaffolding

Surface Treatment: Powder Coating

Reusability: Yes

Safety: High

Flexibility: High

Color: Steel, Painted Color

Ladder Frame: Yes, for Frame System Structuring

Technical Parameters:

Parameter	Description
Flexibility	High
Cost-effectiveness	Yes
Safety	High
Surface Treatment	Powder Coating
Stability	High
Size	Customized
Color	Steel, Painted Color
Reusability	Yes
Material	Steel
Durability	High
Application	Scaffolding System for Construction, Scaffolding Frame System, H Scaffold System

Applications:

Bythai BT04 Frame System Scaffolding

Bythai BT04 Frame System Scaffolding is a perfect combination of h frame and ladder frame structures that offer an efficient and cost-effective solution for construction projects. It features a high load bearing capacity, high durability, excellent safety, and reusability. In addition, it is highly cost-effective, making it the perfect choice for applications such as scaffolding, formworks, and temporary structures. These features make Bythai BT04 Frame System Scaffolding the ideal choice for any construction project, as it ensures that the job is done efficiently, safely, and with minimal cost. The high load capacity, durability, and safety of the frame system make it ideal for any kind of scaffolding, formwork, or temporary structure, while the reusability ensures that the product can be used for multiple projects.

Bythai BT04 Frame System Scaffolding is the ideal choice for any construction project due to its high load capacity, durability, safety, reusability, and cost-effectiveness. With this product, you can be sure that your construction project will be completed efficiently, safely, and cost-effectively.

Customization:

Bythai BT04 Scaffold Mobile Frame System

This scaffold mobile frame system is made from high-quality materials, offering you superior durability and stability. It is lightweight, making it easy to move and transport. It is also cost-effective and can be customized to fit your needs. The Bythai BT04 Scaffold System is an excellent walk-through scaffold system that provides maximum safety and efficiency.

Support and Services:

We provide technical support and services for Frame System Scaffolding. Our technical support team has a range of experts who are available to answer any questions you may have about the product. We also provide ongoing maintenance and monitoring services to

ensure the system runs optimally. Our team is trained in the latest technologies and can provide custom solutions to any issues you may have. We strive to provide the best customer service and support to our customers so that they can have the best experience with our product.
