Product Description

Product Description

The Wholesale Customized Corrosion-Resistant 48.3mm Ringlock Scaffold for Bridge Construction is designed to meet the specific demands of bridge projects. With a focus on durability, this scaffolding system features a corrosion-resistant finish that ensures longevity in various environments. The customizable design allows contractors to adapt the scaffolding to fit their specific needs, enhancing efficiency on-site. Its robust structure provides safety for workers while facilitating easy access to all areas of the bridge, making it an indispensable tool for successful construction.

Specification:

Ringlock Vertical Standard

| Specification | Thickness(mm) | Length(mm) | Surface | Weight(kgs) |
|---------------|---------------|------------|---------|-------------|
| M48 | 3.2 | 500 | HDG | 2.56 |
| M48 | 3.2 | 1000 | HDG | 4.99 |
| M48 | 3.2 | 1500 | HDG | 7.45 |
| M48 | 3.2 | 2000 | HDG | 9.95 |
| M48 | 3.2 | 2500 | HDG | 12.43 |
| M48 | 3.2 | 3000 | HDG | 14.87 |

FAQ:

Q: What types of scaffolding systems do you offer?

A: We offer a variety of scaffolding systems, including ring lock, frame, prop, tube & coupler systems, steel and aluminum planks, and various scaffolding accessories.

Q: How does your quality control process ensure the safety and reliability of your scaffolding products?

A: Our strict quality control process includes thorough inspections, material testing, and adherence to international safety standards to ensure our scaffolding products are safe and reliable.

Q: Can you provide customized scaffolding solutions to meet specific project requirements?

A: Yes, we offer customized scaffolding solutions tailored to meet the unique needs of your project, ensuring optimal performance and safety.

Q: What is the typical lead time for orders, and how do you handle urgent requests?

A: Our standard lead time varies depending on the order size and complexity, but we prioritize urgent requests to ensure timely delivery without compromising quality.

Q: Do you offer support and guidance for scaffolding assembly and installation?

A: Yes, we provide comprehensive support, including detailed assembly instructions and technical assistance to ensure proper installation and safe use of our scaffolding systems.

Q: What are the key advantages of using your aluminum ringlock system?

A: Our aluminum ringlock system offers several advantages, including lightweight design, easy assembly, high load capacity, durability, and corrosion resistance, making it ideal for various construction projects.

Q: How do your prices compare to other scaffolding suppliers?

A: We offer competitive factory prices while maintaining high-quality standards, providing cost-effective solutions that deliver excellent value for your investment.

Q: What certifications and standards do your scaffolding products meet?

A: Our scaffolding products meet international certifications and standards, including OSHA, EN, and ISO, ensuring they comply with the highest safety and quality requirements.

Q: Can you provide references or case studies from past projects?

A: Yes, we can provide references and case studies showcasing our successful projects and satisfied customers to demonstrate our expertise and reliability.

Q: What is the process for placing an order and what payment options do you accept?

A: Placing an order is simple: contact our sales team with your requirements, receive a detailed quote, and finalize the order. We accept various payment options, including TT, letters of credit, and other secure methods.
